LOOK AT WHAT WE ARE LEARNING

RECEPTION

Duck class have been learning about how to take care of the ocean as well as our local environment. The children had a lovely afternoon having a picnic and then litter picking at Endcliffe Park. We talked about the similarities and differences between the park and the seaside and the children made some really interesting observations. This week we got our 20th golden moment as a class. The children wanted to do an experiment as their reward so we had a fantastic morning making a volcano erupt!

YEAR 1

Year 1 have had a busy end of term. We loved getting stuck into sports day, showing fantastic perseverance with the different challenges. After making our fruit salad, we had a fantastic time exploring composition in art by making our faces out of pictures of fruits and vegetables.

YEAR 2

This month, Year 2 have been geographers as we have been exploring our local area using different maps. We have been thinking specifically about Endcliffe Park. We were lucky enough to miss the rain as we went on our walk to the park, where we mapped the human and physical features we saw along the way. We enjoyed a yummy picnic with Duck class and played together by the huge tree! In food technology, we made some yummy vegetable stew for Ms Wood and our families. We had lots of compliments as it was delicious! As part of our English work, we wrote invitations and instructions to go with our stew. In maths, we have applied our number facts and worked together to solve lots of tricky problems. Mrs Carter, Miss Cleave and Mrs Iqbal are so proud of all our Year 2s this year and know they will be fabulous Year 3s. Well done Year 2 - dream big!

YEAR 3

Y3 have been completing their bread project in DT. This has included product testing, using different dough shaping techniques, designing our own bread and considering flavour combinations, making packaging and adverts for our bread and finally making our own bread.

YEAR 4

In year 4 we have been writing adventure stories and an explanation text on how the digestive system works. The class are following up their river trip by making a papier mache river and have been learning about teeth and food chains in Science.

YEAR 5

The Y5's completed their Young Leaders Award in June, by planning and running a 'transition afternoon' with the Y2's at Psalter Lane - to help prepare them for moving to Ringinglow in September! A carousel of activities, including sharing letters, craft, playing games and dance activities were run with enthusiasm, showcasing many of the skills that underpin the award - kindness, organisation, patience and leadership! A brilliant effort and a fitting end to all the Y5's hard work through the YLA this year!

YEAR 6

In Y6 we have been busy celebrating the end of our time at Clifford and our SATs results. We finished our Geography learning with a fun trip to Flamborough where we spotted all the features of coastlines we'd been learning about. We even spotted some seals and managed to avoid the rain! We also enjoyed our Leavers' service at All Saints church on Wednesday sharing our memories of Clifford with everyone.

End of school year message

We hope you all have a lovely summer holiday and we wish all the best to our Year 6's as they start their journey in their new schools.

We look forward to seeing you back in school on Tuesday 5th September 2023.
