SEPTEMBER

LOOK AT WHAT WE ARE LEARNING

RECEPTION

In Reception we have been enjoying the warmer weather and have spent lots of time in our outside classroom and garden area! Here are some photo's of us exploring.

YEAR 1

Year 1 have loved exploring their new classroom and the new Year 1 areas. We have particularly enjoyed reading in our reading groups and getting to know each other more through our All About Me topic! The construction and art areas of the classroom have been very busy and I have loved seeing all the children's fantastic creations. We have a super Year 1 class!

YEAR 2

In Y2 we have started our new history unit on 'Travel and Transport' - we're looking at transport through time. We have made some Viking long boats and DaVinci's parachutes, which we tested!

YEAR 5

In Y5 we performed a science experiment to determine whether a snowman will melt faster if it is wearing a coat.

We also created a Blog page on the School Website showing our full experiment! Please take a look!

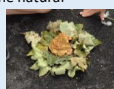

YEAR 6

This term Y6 has finally been able to go swimming! In science we have been creating our own classification keys and we have enjoyed active maths lessons!

YEAR 3

In Y3 we've been looking at the work of Andy Goldsworthy in Art and Design. We made our own pieces of temporary art in the playground using objects from the natural environment.

YEAR 4

In RE we have been learning about the story of Noah and the links with following rules. We retold the story of Noah and drew some wonderful pictures linking to our "People of God" focus. In maths, we have been learning about place value, during one lesson we used ourselves as concrete resources to represent numbers on place value charts and had fun playing some place value games. In history, we have been learning about the Industrial Revolution. We used our computer skills and note taking skills to find some facts about Sheffield's history and the steel industry.

TERM DATES

September (22 Days)

| M | T | W | T | F | S | S |
