

A snapshot of our Platinum Jubilee Celebrations at Clifford All Saints

As part of our celebrations during Jubilee week, Year Two have been learning about the 90s and some of us even came dressed in fashion from the 90s! We researched facts about Diana Princess of Wales, her connection to the Royal family and discussed why she was an inspiration to many people around the world. We were able to represent our ideas creatively by designing information posters about Princess Diana.

Towards the end of the week, we also participated in a crown making competition and parade in which we modelled our magnificent crowns!

The whole school celebrated by enjoying a special Platinum Jubilee lunch. At Psalter Lane we decorated the hall with flags that we had decorated in Kids Club.

For the jubilee in Year 6, we looked at the main events in Queen Elizabeth II's life and then focused on the 1960s. Here we looked at the major worldwide events that took place, music and fashion. We even had a go at some 1960s style dance moves. We also looked at crowns, diadems and tiaras before designing our own for the parade!

To celebrate the Queen's Jubilee in year 1, we looked at who our Queen is, what the Jubilee is and the different roles that the Queen has. We enjoyed having a special lunch in the hall and making our own crowns!

Duck class learnt about the Queen's reign between 2010-2020, particularly focusing on how the Queen's family has grown. We made a family tree to show who her grandchildren and great-grandchildren are. The children really enjoyed decorating biscuits for a royal tea party and making crowns for our school parade. Some children were also inspired to build their own Buckingham Palace in their block play.
